

## 5<sup>th</sup> FAERE Annual Conference

August 30-31, 2018  
Aix-en-Provence (France)

### KEYNOTES SPEAKERS

**Christian Gollier**, Toulouse School of Economics

**Anastasios Xepapadeas**, Athens University of Economics and Business and University of Bologna

The aim of the FAERE annual conferences is to promote the production and dissemination of research in environmental economics. Are welcome all the theoretical and applied works, on topics that include – but are not limited to - biodiversity, fishing, agriculture, forestry, water, energy, climate, pollution, health, green growth, or the bio-economy.

#### Conference in English

This 5<sup>th</sup> annual conference will also be an opportunity to deliver the *2018 Young Economist best paper FAERE Award*.

#### [View the contest rules](#)
